EQUIPMENT RACK CART

Da-Lite is pleased to expand its wood line to include the new mobile Equipment Rack Cart. The Equipment Rack Cart is a multi-room transportable solution for rack components without interfering with meeting room aesthetics. Standard rack rails allow for mounting multiple components. The key operated front and rear access panels ensure theft deterrence and the front glass panel allows infrared signals to pass. Whisper soft cooling fans provide air circulation as do bottom vents. Standard with a six outlet power strip with surge suppressor and cord management compliment the Equipment Rack Cart's handsome appearance.

Light Oak

Natural Walnut

Cherry

Laminates

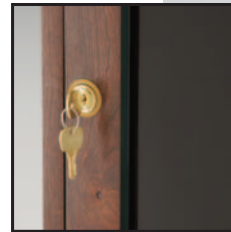

Light Oak

Mahogany

Gunstock Walnut

Locking front and rear access doors offer increased security.

Sturdy casters negotiate thresholds and uneven surfaces protecting components. Oval cutouts provide additional ventilation.

Standard rack rails allow stacking components. Internal dimensions are 37.5" H x 19.25" W x 21.5" D.
